

Meeting about project proposal

- Recap on this week - Literature reviews were due last night
- Saleem must send through his lit review to Francois in pdf format
- Francois going to combine all our work and submit it to a conference to try get it published.
- We must draw up a mock timeline with dates we think we can meet.
- We must divide up the work .
- Required in the proposal:
 - timeline/schedule - who is responsible for what.
 - What each component of the task is
 - Mock-up diagrams of user interface & designs
 - What are we going to test on final
 - planned results and planned tests
 - target audience
 - all bullet point format
 - Research question: does the use of tools aid in social engineering prevention
- Monday night 8 PM we will discuss
- Francois will provide a mock-up of the database
- Next meeting on Friday at 11
